

Become an Imagineering Ambassador and join us on an exciting mission

*"I really enjoy the challenge of explaining science
and engineering principles to young people..."*

**Inspiring
Tomorrow's
Engineers!**

Engineers of the future need you – and your experience!

Imagineering needs your enthusiasm and a little of your time to inspire the much-needed engineers of the future. There are many opportunities to support Imagineering's activities helping with fun STEM (Science, Technology, Engineering, Mathematics) hands-on engagement in Imagineering Clubs or at public or school events.

IMAGINEERING CLUBS

1-2 hours per week during school terms (opportunities for shorter engagement)

Pupil ages: 9-12 years

Club Tutor or helper

- Working with teachers and other volunteers
- Groups of approx. 12 pupils making working engineering projects from kits using simple tools
- Fun friendly learning environment
- Projects come with extensive illustrated instructions and support material
- STEM subjects covered include Flight; Measurement, Electricity; ElectroMagnetism; Computer-Programming, Levers & Gears.
- Engineering, science or practical skills desirable
- Ideal opportunity for retired, working or graduate engineers

“

...to see young people enjoying building things and learning at the same time is hugely rewarding”

IMAGINEERING FAIRS & EVENTS

1 day upwards

Children of all ages and families

Stand Personnel

- Public or school events
- Providing simple STEM activities on stands
- Promoting Imagineering Clubs and ethos

IMAGINEERING FOUNDATION

An independent education charity, Imagineering is run by volunteers. There are also opportunities to help with special projects, regular steering group meetings and other administrative tasks

And what will you get out of it?

- An enjoyable and rewarding experience
- Opportunity to be a valuable role model to future engineers
- Being part of a friendly and active network at the heart of Imagineering
- Recognised element for personal and professional development
- Working with recognised STEM Ambassador activities.

So why not give us a call today and help to make a difference by helping to inspire the engineers and wealth-creators of the future!

Imagineering, an independent education charity, is a highly successful initiative with a proven track record for sustainability and quality. It develops and holds young people's interest and influences them in a positive way to make informed choices about the subjects they study and the career path they ultimately choose.
